

# Elevate Conference Night 2

## Facilitator's Guide

*Towards the end of the stream, you'll be given some time in your watchparty to write down some dreams and visions from God, discuss some practical steps, and pray!*

*It's important to journal what God has spoken and we want to encourage our young people to do so!*

## Write

1. Write down any specific dream that God has given to you, or anything that God has spoken to you about over these 2 days.
2. Write down 1 practical step that you can take to move towards those dreams and visions.

## Discuss

1. Get everyone to share just 1 thing that they are going to do differently after conference to move towards the dream or vision that God has given to them.  
*[E.g. Giving up old habits like staying up late, starting a new devotional, sharing the Gospel with one friend a week, etc.]*

## Prayer

1. Pray that God will help us follow through with the steps we have committed to take!
2. Ask God to help us cling to His promises for us even when the going gets rough.
